- **NEXIA CS Bundle 1** (NEXIA CS and AMP-A460H)
- **NEXIA PM Bundle 1** (NEXIA PM and AMP-A460H)
- **NEXIA SP Bundle 1** (NEXIA SP and AMP-A460H)
- **NEXIA TC Bundle 1** (NEXIA TC and AMP-A460H)
- **NEXIA VC Bundle 1** (NEXIA VC and AMP-A460H)

01 BIAMP AMP-A460H

The AMP-A460H features quiet operation and compact form factor, so it can be placed almost anywhere. This amplifier also includes a built-in high-pass filter, bridging, and constant voltage settings. Best of all, there's no software to manage or install.

Each TesiraFORTÉ model is equipped with a common platform of capabilities, and is designed and optimized to address a different business challenge.

02 TesiraFORTÉ

03 NEXIA

Nexia offers network-friendly open architecture, allowing you to create intuitive solutions. The Nexia TC and VC models feature built-in AEC, to provide crystal-clear audio for an excellent conferencing experience.

No matter which combination you choose, each product comes with Biamp's five year warranty, giving you peace of mind. Contact your Biamp representative today to learn more about this offer.

Products must be purchased together under bundle part numbers to take advantage of the promotion. Promotion is good on new orders only and cannot be applied to orders before 4/1/2017. Promotion ends 9/30/2017. Subject to change without notice. Products cannot be returned separately and must be returned together. Restocking and/or return fees may apply.
